INSELSPITAL UNIVERSITÄTSSPITAL BERN HÔPITAL UNIVERSITAIRE DE BERNE | PNEUMOLOGIE ALLERGOLOGIE & KLINISCHE IMMUNOLOGIE

Universitätsspital Basel

Zürich, 05.11.2026

Registration is now open!

Dear Colleagues

It's our great pleasure to kindly invite you to register yourself for this year's Swiss Translational Mycobacteria Forum, taking place on **December 14th, in Bern**.

Following last year's successful meeting we would like to continue with this format covering basic science, clinical, microbiological and epidemiological/public health aspects. This will be again a one-day, in-person meeting featuring presentations on recent advances in basic science, diagnostics, epidemiology, and clinical studies. The event will be free of charge, and no parallel sessions are planned, ensuring a truly translational and interactive experience.

You can find the **programme** attached to this email.

To participate we kindly ask you to register. The event is free of charge, however you will need a registration ticket to get access to the event. Speakers do not have to register.

Please find below the link for your registration as well as a link for the program:

- Registration
- Programme

Date: **December 14th 2026, 09.00 – 17.00**
Location: **Sitem-Insel AG, Raum Felix Frey Auditorium, Freiburgstrasse 3, 3010 Bern**

We look forward to welcoming many of you to the next Swiss Translational Mycobacteria Forum in Bern.

With kind regards

The Organizing Committee
